Online/Blog Inspiration Canuck Quilter Designs Twice Turned Quilted Stocking Tutorial  
<https://www.canuckquilter.com/2017/12/twice-turned-christmas-stocking-tutorial.html>  
Project Name: Christmas Stockings  
Story about this quilt: Who celebrates Christmas and doesn't need quilted stockings for the holidays??  
Who Quilted this? Me

**Name:** April C  
Size of Project: 7—8 inches square  
Story about this quilt: Sanctified Art Advent 2024 had the quilt blocks as the art basis of the season. I decided to make each one into an actual quilt block and then I turned them into individual pot holders.

Online/Blog Inspiration Let's Get Scrappy  
Project Name: Scrappy Table Runner  
Size of Project: 14" X 50"  
Story about this quilt: Frances Arnold recently released a scrappy online class. I love working with scraps. And I love learning from Frances. I signed up. I decided to make these for gifts. I tried three different color combinations. White, green or red background. Which do you like best? I chose matchstick quilting to add texture and help the runner to lie flat. Such a fun way to use up 2 ½ inch squares. I learned lots from Frances.

Project Name: Happy Together  
Size of Project: 60" X 40"  
Special tool or ruler: wonder curve ruler  
Story about this quilt: My longtime friend, Robin, hinted about wanting a quilt. I had made a t-shirt quilt for her daughter a few years ago. I had her go through some of my patterns and she selected this one of the kids. Robin is a retired teacher of high needs special education students in the Albany area. Each child's fabric represents one of Robin's interests or family.

Fabric Designer or Line Backing was Joann's

Project Name: Christmas Ribbons  
Size of Project: 30" X 45"  
Story about this quilt: I was trying to find some easy, quick patterns to use to make Christmas gifts and or to sell at holiday craft shows. This was quick and easy and had extra scraps that I was able to use to make two table runners. Before Joann's closed I bought a bunch of flannels for backing.; this elf fabric was one.

Project Name: Christmas Ribbons table runners  
Size of Project: Both are 18.75" X 45"  
Story about this quilt: These two table runners were made from leftovers from my Christmas Ribbons quilt. The red one got first prize at the Clackamas County fair.

Project Name: Poinsettia Passion  
Size of Project: 52 X 56 inches  
Special tool or ruler: Large and small 60-degree rulers  
Story about this quilt: I purchased the pattern and fabric kit last holiday season. Worked on and completed the top at our Fall retreat. I chose to quilt it using her up and back design. I found it more difficult to stay straight and even on the longer runs. Overall, I'm very happy with it and it looks great at the end of my hallway.

Project Name: Soaring Toward Peace  
Size of Project: 63" X 80"  
Story about this quilt: Beautiful folded crane blocks were given to me by MPS members at the end of two consecutive terms as Chair. They were truly a gift of love that came in three different sizes, which provided my challenge to arrange them all onto a quilt top! It was skillfully quilted by Robin Hill and the finished size is 63" X 80".

May we all lift our wings and rise on the currents of grace toward peace.

Missouri Star Quilt Company 2024 Advent Box Panel

Panel of doors and green fabric with "to scale" holiday ornaments.

Christmas Village

39 inches square

This panel was so cute. Lots of Holiday and regular doors, green fabric decorated with lights and ornaments to scale with the doors. Print on grain easy to cut doors without waste. The center 'park' block is called Formal Garden and connects the neighborhoods. The quilt now resides above the family room fireplace.

Me!

I designed the houses to fit a quilted stain glass window.
